

BREED BY ASTROLOGICAL SIGNS

For many years, I have used the Astrological Signs (Moon Signs) according to the body, to breed. The sign Scorpio is the same as Secrets of the body. This is the sign that I have used most to produce females or the feminine look. The Libra sign is the same as Reins of the body and can work for producing the males or masculine head and body. Cancer sign is the same as Breast of the body and this has been another very good sign to breed for good brood mothers. Some have said that if you have problems with poor pads on the hocks of your rabbits, the sign of Pisces or the Feet of the body can help with this also. The English & French Lop breeders may like to use the sign of Aries or the Head of the body for long ears.

The problem with using this method is finding the Almanac or the calendar that has these signs in or on them. This information was taken out of THE OLD FARMERS ALMANAC by Robert B. Thomas page 230 in the 2010 book. Many people have had success from using this chart in the past & I would like to pass this information on to help others.
